The Projects Shaping Africa's Future

Join Africa's leading researchers and innovators in a global campaign to foster investment and high-impact partnerships.

“Scientific American is a leading voice in the issues that are shaping our world. Readers come to us because we provide an enjoyable way for them to be informed about the most important things happening in the world, in ways that aren’t available elsewhere.

**Our mission is to elevate, examine, and explain the most important research in the world, from scientists, researchers, and innovators who are doing the most urgent, transformative, and relevant work.”**

Laura Helmuth, editor in chief of Scientific American
